DETAILED ACTION

Remark

1. The amendment filed on August 30, 2006 under 37 CFR 1.312 has been entered.
2. Claims 1-113 have been previously cancelled, and new claims 149-153 have been added.
Pending claims 114-153 are for reconsideration.

Allowable Subject Matter

3. Claims 114-153 have been allowed.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:

Regarding claims 114, 121, 127, 131, 138 and 144, the prior art of record issued to Herz and others fails to teach or suggest a method of inferring the gender of a viewer and the income level of the viewer based on monitoring viewer interactions with a multimedia device in a video network and then to create a viewer record; applying one or more predefined heuristic rules to the viewing record, wherein the heuristic rules assign a probabilistic measure of gender and/or income level based on one or more aspects of the viewing record; and inferring or predicting the gender or the income level of the viewer based on the probabilistic measures.. Herz teaches a heuristic method for assigning scheduling to the viewer based on predetermined customer profiles, yet Herz does not offer the step of assigning probabilistic measures of gender and/or

income level based on the heuristic rules and/or inferring or predicting the gender or the income level of the viewer based on the probabilistic measures. In other words, Herz does not have to create or predict the gender or income level based on the probabilistic measures, but Herz creates a scheduling of programs/events based on the predetermined classes of viewers, i.e., for Dad or for Mom or for the child by collecting the viewer profiles in advance and schedules appropriate times for those viewers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
